

Charging Forward

Checklist for Charging Forward Residential Rebate

Eligibility Requirements:

- ✓ Have an active DTE Electric account that is in good standing
- ✓ Purchase or lease a new or used electric vehicle (battery electric or plug-in hybrid)
- ✓ Install a qualified Level 2 charger after May 2, 2019 at the address where your vehicle is registered (see website for qualified chargers)
- ✓ Enroll in a year-round time-of-use pricing option (see website for eligible options)
- ✓ Consent for Network Provider to share charger utilization data with DTE

What you need to do to apply:

- Have your DTE Electric account number ready
- Gather:
 - A copy of your electric vehicle sales or lease contract with date visible
 - A copy of your vehicle registration with address visible and matching your DTE Electric account address
- Fill out an application at dteResEV.powerclerk.com
- Upload all required documentation
- Read, agree to, and e-sign the rebate's **Terms & Conditions**
- Answer a brief survey and submit your application

High-level process:
