2. SCOPE OF SALE AND PURCHASE

Seller agrees to sell to Company the Materials identified in the Agreement at the stated price, quantity, ship to location and other specifications. Company is not obligated to purchase any minimum quantity or dollar amount of Materials from Seller.

3. INGREDIENTS AND HAZARDOUS MATERIALS

- A. Prior to delivery, Seller shall promptly furnish to Company a Material Safety Data Sheet ("MSDS") for any chemicals or hazardous materials or products to be delivered to Company, which includes at a minimum: (a) a list of all ingredients in the products and materials to be brought by Seller or its subcontractor or supplier to Company's property, (b) the quantity of all such ingredients and (c) information concerning any changes in or additions to such ingredients. Company shall require the immediate removal of any substance from its property if Seller fails to provide a MSDS. Any damage or delays caused by the removal of such substance shall be at Seller's expense.
- B. Prior to and during the shipment of any Materials, Seller shall furnish Company and any carriers with sufficient written warnings and notices (including appropriate labels on the products, materials, containers and packaging) of any hazardous material that is an ingredient or a part of any of the Materials, together with all special handling instructions, safety measures and precautions necessary to comply with all applicable laws, to inform Company and any carriers of any applicable legal requirements and prevent bodily injury or property damage in the handling, transportation, processing, use or disposal of the Materials, containers and packaging.

4. DELIVERY OF MATERIALS

- A. All Materials shall be delivered according to the time period stated in the Purchase Order and/or Contract. Time is of the essence for this Agreement and Seller shall at all times achieve one hundred percent (100%) on-time delivery. Company may from time to time change such quantities and delivery times, or direct temporary suspension of the scheduled deliveries.
- B. In the event Seller delivers the Materials prior to their scheduled delivery date, Company may, at its option, (i) refuse to accept the Materials and return them at Seller's expense or (ii) accept the Materials but defer payment until the time when payment would have been due had the Materials been shipped according to schedule.

7. INSPECTION, REJECTION, ACCEPTANCE AND REVOCATION OF ACCEPTANCE OF GOODS

A. Seller shall provide and maintain a quality assurance system which shall assure that all Materials delivered to Company conform to Company's requirements as specified in the Agreement, whether manufactured or processed by Seller or by Seller's suppliers. Seller shall maintain adequate records of all inspections and tests that shall indicate the nature and number of observations made, the number and type of nonconforming or defective Materials, the quantities approved and rejected, and the corrective action taken.

B. Notwithstanding payment, passage of title of Materials to Company, or prior inspection or testing by Seller, all Materials are subject to final inspection and acceptance or rejection by Company.

C. At all reasonable times during the period of Seller's performance under the Agreement, including the period of manufacture, Company may inspect and/or test the Materials to be furnished under the Agreement at the locations where the work is being performed, including those of Seller's suppliers and Seller shall provide, without additional charge, reasonable facilities and assistance for safe and convenient inspection and testing. Neither Seller nor Seller's suppliers shall change the location where the Materials are being manufactured, without the prior written consent of Company Representative.

D. In the event that Company determines that any Materials are nonconforming in any manner prior to acceptance, after giving Seller a reasonable time to cure, Company may, in addition to rejecting the Materials and all other remedies available, either itself or through others, rework, correct or otherwise alter any such Materials for the purpose of making them conforming, and all reasonable costs, charges and expenses associated therewith shall be the responsibility of Seller and may be deducted by Company from any amount due Seller. The parties further agree that Company may return to Seller any nonconforming Materials that are delivered to Company and not rendered conforming through Company's efforts (although Company shall be under no obligation to undertake such efforts) and receive full credit for the price of such Materials together with all reasonable costs, charges and expenses associated therewith. Any acceptance by Company is not a release or waiver of any of its rights under this Agreement.

8. WORK DOCUMENTS

Seller shall deliver all Work Documents, to Company upon request, delivery of Materials or termination of this Agreement. All Work Documents or Work Product furnished by Seller in connection with this Agreement are the property of Company and, notwithstanding any markings or notices to contrary included on such Work Documents or Work Product, there shall be no restrictions upon Company's use thereof.

9. ELECTRONIC SUBMISSIONS

A. Seller warrants that any software and related documentation provided to Company in electronic form, shall not contain any computer code that would: (i) disable the software or impair its use or operation in any way based on the elapsing of a period of time, the exceeding of an authorized number of copies, users, or other relevant metric, or the advancement to a particular date or other numeral (referred to as "time bombs", "time locks", or "drop dead" devices); (ii) permit Seller or any third party to remotely, and without Company's knowledge or approval, access the software through a device such as those referred to as a "trap," "access code," or "trap door"; or (iii) permit Seller or any third party to track, monitor, or otherwise report on the use or operation of such software.

B. If such virus or other contaminant is brought into Company's computer environment, by or through Seller, Seller shall reimburse Company for all labor and materials costs incurred by Company to identify, contain and correct the effects of such virus. The hourly rate paid by Seller for the identification, containment and correction of the effects of such virus shall be at the prevailing hourly rate incurred by Company.

Seller, as directed by Company, shall, at its own expense, obtain a prompt discharge of any lien or liens that may be filed on the Material or against Company's property in connection with the Materials. If any lien is filed, Company may withhold payment for the Materials or amounts due under this Agreement (or any other agreement between Seller and Company) until Seller provides proof that said lien has been removed. Company may, at its option, make payments directly to Subcontractors, Suppliers or other lien claimants with notice of such payment to Contractor, and deduct such amounts from any payment to Contractor or withhold, without interest, any payments otherwise due by Company to Contractor because of any claim arising out of this or any other transaction with Company.

C. Seller shall defend, indemnify and hold harmless Company from any and all claims, demands, causes of action and/or costs, including reasonable attorney fees, attributable to Seller's failure to make any payments required by this section. A. Execution, delivery and performance by Seller of this Agreement have been authorized by all necessary action on behalf of Seller.

B. The execution, delivery and performance by Seller under this Agreement does not conflict or result in the breach of any applicable laws, any judgment or decree of any court, or any agreement to which Seller is a party.

If any discrepancy or inconsistency should be discovered between the Agreement and any such Laws, Seller shall immediately report the same in writing to Buyer. Seller shall be responsible for the compliance by its subcontractors and suppliers of all tiers with the above provisions and shall be liable for all fines levied in violation of any Laws.

B. Seller and its employees shall not be required to protect or hold in confidence any such information which (1) becomes known to the public through no act or omission of Seller or its employees; (2) is ordered to be disclosed by a court or administrative agency; or (3) is thereafter developed independently by Seller. In the event that Seller is requested or required under compulsion of legal process to disclose such information, Seller shall not, unless required by law, disclose the information until Company has first (i) received prompt written notice of such request or requirements to disclose and (ii) had an adequate opportunity to obtain a protective order or other reliable assurance that confidential treatment shall be accorded to the Information. Seller shall not oppose actions by Company to assure such confidential treatment.

C. No publications or advisements concerning the subject matter of the Agreement, Company's name and/or logo, or photographs of Company property and materials or portions thereof shall at any time be made by or on behalf of Seller, its subcontractors, or suppliers, unless prior written authorization therefore is obtained from Company Representative.

17. INTELLECTUAL PROPERTY

A. Seller represents and warrants that it has authority to grant, and hereby grants Company, a permanent, assignable, nonexclusive, royalty free license to use, maintain and modify (except for software) any Third Party Work that is required for the performance of this Agreement.

B. Seller agrees to obtain any assignments of rights from other parties, including its employees, it requires to comply with this Section.

D. During and after the expiration or termination of this Agreement, Seller shall do whatever is necessary, at Company's cost, to obtain patents or copyrights on any concepts, process, products or writings conceived, developed or produced by Seller for the purpose of performing services. Seller shall execute all documents as may be necessary or requested by Company to implement and carry out the provisions of this Section.

E. Notwithstanding the foregoing, Seller shall retain ownership of all its pre-existing know-how embodied in the Work Product, provided that the Company shall have a transferable license to use such pre-existing know-how to the fullest extent necessary to realize the benefits of the Work Product and/or Materials.

F. Seller represents and warrants that all materials, equipment and processes used or supplied and Work Product are free from infringement of any patent, trademark or other intellectual property right. Seller shall pay all royalties and license fees necessary for the performance of this Agreement or use of the Materials.

G. Seller shall indemnify and defend any action brought against Company based on a claim or allegation that any process or method used, equipment or material supplied pursuant to the Agreement constitutes an infringement or violation of any patent, trademark or other proprietary right. Company shall at Seller's expense give such information and assistance as it may deem appropriate for the defense of same, and Seller shall pay all of Company's actual costs and expenses of such action, including any damages awarded. If an infringement or violation is determined or held to exist and the use of such process, method, equipment, material or service is enjoined, Seller shall at its own expense and at Company's option either (1) procure for Company the right to continue using said process, equipment, material or service; (2) replace it with non-infringing process, equipment, materials or service acceptable to Company; or (3) modify it in a manner acceptable to Company so that it becomes non-infringing.

A. Seller represents and warrants that:

(1) all materials and equipment furnished by it and its subcontractors or suppliers shall be (a) free from defects in design, material and workmanship, (b) fit for the purpose intended, (c) new and conform to the specifications, drawings, samples and other descriptions as set forth in the Agreement and, (d) where not specified, of the highest quality and best grade of its respective kind for its intended use,

If at any during the eighteen (18) month period from the date that the Materials are first used for the purposes intended by Company or the four (4) year period from the date of acceptance by Company, whichever occurs first, it appears that the Materials or any part thereof do not conform to these warranties, Company shall notify Seller within a reasonable time after such discovery and Seller, at its sole expense and after obtaining Company's concurrence, shall promptly correct such defects as follows:

(1) Seller shall provide any redesign, repair, replacement and testing services as necessary to correct any nonconforming materials or workmanship. The warranty for redesigned, repaired or replaced Work shall be of equal duration and scope as the original warranty and commence upon Company's acceptance of such corrected Work.

(2) Seller shall defend and hold harmless Company, its successors and assigns from and against any liens, charges, claim or encumbrances in breach of the foregoing warranty; this provision of this clause B2 shall survive termination or expiration of this Agreement.

C. 19. TERMINATION FOR CONVENIENCE

Company may at any time, upon ten (10) calendar days-notice without cause, terminate this Agreement in whole or in part. Upon such termination, Seller agrees to waive all claims for damages, including without limitation claims for loss of profits, and to accept as its sole remedy for termination the cost of all Materials delivered prior to the date of termination, including reasonable overhead and profit thereon and reasonable cost incurred by Seller in terminating the Agreement. Company shall have no liability whatsoever for goods which are Seller's standard stock. Termination shall not relieve Seller of any of its obligations for Materials delivered hereunder.

20. TERMINATION FOR CAUSE

A. Seller shall be in default hereunder if (1) Seller refuses, neglects or fails in any respect to prosecute the Agreement hereunder or any portion thereof with promptness, diligence or in accordance with any of the provisions set forth herein, (2) Seller refuses, neglects, or fails to perform any other obligations under this Agreement or provide adequate assurance of performance, (3) Seller makes an assignment for the benefit of creditors or bankruptcy or insolvency proceedings are instituted by or against Seller, or (iv) at any time in Company's sole judgment, Seller's financial or other condition or progress on the Agreement shall be such as to endanger timely performance.

C. No delay by Company in the enforcement of any provision of the Agreement shall constitute a waiver thereof, and no waiver thereof shall constitute a waiver of any other provision.

D. Upon termination, Seller shall deliver all Materials in progress under the Agreement and provide Company with all intellectual rights in any Work Product.

21. INDEMNIFICATION

A. Seller covenants and agrees that it shall defend, indemnify and hold Company and all of its officers, agents and employees (each a, "Company Indemnitee") harmless for any claim, loss, damage, cost, charge, expense, lien, settlement or judgment, including interest thereon, whether to any person, including employees of Seller, its subcontractors and suppliers, or property or both, arising directly or indirectly out of or in connection with Seller's or any of its subcontractor's or supplier's performance of the Agreement or in connection with the provision of Materials, to which any Company Indemnitee may be subject or put by reason of any act, action, neglect or omission on the part of Seller, any of its subcontractors or suppliers or any Company Indemnitee. Without limiting the foregoing, said obligation includes claims involving Seller's, supplier's or subcontractor's employees injured while going to and from the Project. If the Agreement is one subject to the provisions MCL 691.991, then Seller shall not be liable under this Section for damage to persons or property directly caused or resulting from the sole negligence of any Company Indemnitee.

B. In the event any suit or other proceedings for any claim, loss, damage, cost, charge or expense covered by Seller's foregoing indemnity should be brought against any Company Indemnitee, Seller hereby covenants and agrees to assume the defense thereof and defend the same at Seller's own expense and to pay any and all costs, charges, attorney's fees, and other expenses, and any and all judgments that may be incurred by or obtained against any Company Indemnitee in such suits or other proceedings. In the event of any judgment or other lien being placed upon the property of Company in such suits or other proceedings, Seller shall at once cause the same to be dissolved and discharged by giving bond or otherwise.

22. LIQUIDATED DAMAGES

This Section applies only if liquidated damages are specified in the Agreement. If Seller fails to deliver the Materials, or any severable portion thereof, or comply with this Agreement, within the time specified in this Agreement, the damages to Company as a result of such delay shall be substantial. However, the amount of such damages is difficult and impractical to determine and, as such the parties agree that the amount set forth as liquidated damages in the Agreement is a reasonable estimate of Company's damages for such delay. The amount of any liquidated damages may be withheld from any payments due Seller or shall be paid by Seller, or its sureties, if any, to Company. If liquidated damages are withheld during performance and Seller subsequently remedies its delay, such liquidated damages shall be refunded.

23. LIMITATION ON LIABILITY

Except as may be expressly stated elsewhere in this Agreement, neither party shall be liable to the other party for incidental, indirect, or consequential damages, including, but not limited to, loss of profits or revenue.

24. SET OFF

25. RECORDS AND AUDITS

Company or its authorized representative shall have access to Seller's records to review, audit, and verify any information connected with this Agreement for a period of three (3) calendar years after completion of the Agreement. Seller shall keep all records in an electronic format and be able to transmit them to Company in an electronic native-file format as well as Adobe Portable Document Format (PDF). All documents and records shall be provided to Company at no additional cost. Company has the right to use general audit software and other reporting tools to analyze the data.

26. ASSIGNMENT

No assignment of this Agreement or any of its rights or obligations hereunder shall be made by Seller without first obtaining the written consent of Company. This Agreement shall be binding upon and inure to the benefit of the respective successors and permitted assigns of the parties hereto.

27. FORCE MAJEURE

A. Except as otherwise provided herein, Seller shall not be liable for a reasonable delay or default in furnishing Materials hereunder and Company shall not be liable for failure to perform any of its obligations hereunder, to the extent due to fire, flood, storm, other natural disaster, national emergency or war, and not due to labor problems, inability to obtain financing, negligence or other similar condition of such party, provided that either party has given the other prompt notice of such occurrence.

B. Within seven (7) calendar days of the commencement of any excusable delay, Seller must notify Company Representative in writing of the nature, cause, date of commencement and expected impact of the event. Seller must exercise due diligence in proceeding to meet its performance obligations hereunder, notwithstanding the delay. Upon Seller satisfying these conditions, Company may extend the schedule for the period of time equal to the time actually lost by reason of the delay.

28. NONWAIVER

None of the provisions of the Agreement shall be considered waived by either party unless such waiver is given in writing by the other party. No such waiver shall be a waiver of any past or future default, breach or modification of any of the terms, provisions, conditions or covenants of the Agreement unless expressly set forth in such waiver.

29. NOTICES

Notices and other written communications are to be made in writing to the address stated in the Agreement. Such notices and other written communications must reference the Purchase Order and/or Contract Number appearing in the Agreement.

30. SAVING CLAUSE- INDEPENDENT TERMS

Each term and condition of this Agreement is deemed to have an independent effect and the invalidity of any partial or whole paragraph or section shall not invalidate the remaining paragraphs or sections. The obligation to perform all of the terms and conditions shall remain in effect regardless of the performance of any invalid term by the other party.

31. SURVIVAL

All of the terms of this Agreement which by their nature extend beyond (a) the termination or cancellation of this Agreement or (b) the completion of the delivery of Materials shall survive and remain in full force and effect and apply to respective successors and assigns.

32. NON-EXCLUSIVITY

It is agreed that this Agreement is not exclusive, and that nothing herein shall be deemed to prevent Company from engaging others to provide any of the Materials or to prevent Company from providing any of the Materials through its own employees or agents.

33. CONSTRUCTION OF TERMS

The terms of this Agreement have been arrived at after mutual negotiation and the parties agree that its terms shall not be construed against any party by reason of the fact that this Agreement was prepared by one of the parties. References to laws refer to such laws as they may be amended from time to time. The words "shall" and "will" have equal force and effect. The words "include", "including" or "includes" shall be read to be followed by the words "without limitation". The section headings contained in this Agreement are for convenience of reference only and shall not affect the meaning or interpretation hereof.

34. GOVERNING LAW AND JURISDICTION

The Agreement, and the rights, obligations and liabilities of the parties hereto shall be construed in accordance with the law of the State of Michigan, without regard to its conflict of law principals. The parties agree that any action with respect to this Agreement shall be brought in a court of competent subject matter jurisdiction located in the State of Michigan and the parties hereby submit themselves to the exclusive jurisdiction and venue of such court for the purpose of such action.

35. ENTIRE AGREEMENT

A. The Agreement represents the entire agreement between Company and Seller. No modification of the Agreement shall be effective unless made by a Change Order. Any agreements, negotiations or understandings of the parties prior or contemporaneous to the date of the Agreement, whether written or oral, are superseded hereby.

B. Any document submitted by Seller (including any Seller document referenced in the Agreement) is used solely for the purpose of describing the Materials and, to the extent containing any terms in addition to or inconsistent with the terms of the Agreement, or a rejection of any terms of the Agreement, shall be deemed to be a counter offer to Company and shall not be binding upon Company unless specifically accepted in writing by Company Representative. In the absence of written acceptance of such counteroffer by Company, commencement of performance by Seller shall be deemed to be an agreement by Seller to perform in accordance with the terms of the Agreement and an acceptance hereof, notwithstanding any prior dealings or usage of trade.

ON-SITE SERVICES SCHEDULE

SAFETY AND SECURITY

A. Seller shall take all necessary precautions for the protection of the health and safety of its employees, its subcontractors and suppliers, Company, the public and other third parties and shall at all times comply with Company's health safety and security rules and procedures applicable to the site (which are subject to change from time-to-time) and appropriate for the Materials. As required by the Agreement, Seller shall comply with the DTE Energy Contractor Safety Requirements and applicable Safety Handbooks.

B. Company may furnish security personnel at the site to control access, patrol yards and buildings, maintain order, and enforce regulations. The presence or absence of such security personnel shall not modify the responsibility of Seller for loss and/or damages to persons or property.

REPORTING OF ACCIDENTS

Seller shall notify Company Representative and shall comply with the following telephone reporting procedure in the event that its employee(s) or its subcontractor's or supplier's employee(s) sustain a serious personal injury (any injury which requires admittance to a hospital) or a fatality occurs arising out of the Work performed under the Agreement.
