

Lynette Dowler

President DTE Energy Foundation

Lynette Dowler is president of the DTE Energy Foundation, the philanthropic arm of DTE Energy. As president, she brings operational expertise, strategic focus, and inspiration to the Foundation and is responsible for reviewing and directing grants to more than 300 non-profit organizations across Michigan.

Being involved with nearly every aspect of DTE Energy, Dowler understands the impact that the company can have on families and communities, and her opportunity to lead the Foundation blends a personal passion with her professional career. As president, she ensures that the Foundation's investments create the most state-wide impact by being effectively distributed in each priority giving area, including arts and culture, basic needs, community transformation, economic progress, education and employment, and environment.

Dowler remains active in the community through a variety of non-profit roles and leadership positions with a personal mission to support the least, last and lost. She volunteers with Mercy Health New Beginnings, which supports abused and battered women, and she is also involved with international mission work through New Hope Moldova to eliminate human trafficking.

Dowler earned her bachelor's and master's degrees in business administration from the University of Toledo. She currently leads the Monroe County Community College Board of Trustees as chairman and serves on The Parade Company Board of Directors and Sphinx Organization Board of Directors. Dowler has been married to her husband for more than 30 years and enjoys traveling and spending time with her three children, niece and three grandchildren.

DTE Energy (NYSE: DTE) is a Detroit-based diversified energy company involved in the development and management of energy-related businesses and services nationwide. Its operating units include an electric company serving 2.2 million customers in Southeast Michigan and a natural gas company serving 1.3 million customers in Michigan. The DTE portfolio includes energy businesses focused on power and industrial projects; renewable natural gas; natural gas pipelines, gathering and storage; and energy marketing and trading. As an environmental leader, DTE utility operations will reduce carbon dioxide and methane emissions by more than 80 percent by 2040 to produce cleaner energy while keeping it safe, reliable and affordable. DTE Electric aspires to achieve [net zero](#) carbon emissions by 2050. DTE is committed to [serving with its energy](#) through volunteerism, education and employment initiatives, [philanthropy](#) and economic progress.
