

Richard Redmond

President, DTE Gathering and Processing
DTE Energy

Richard L. Redmond Jr. is president of DTE Gathering and Processing, **DTE Energy's natural gas midstream business serving Southwestern** Energy Company in Pennsylvania. Redmond is responsible for managing non-utility midstream operations including gathering, compression and dehydration systems.

Redmond has over 30 years of experience in natural gas exploration, production, gathering and processing. He worked for Amoco Production Company in various engineering positions throughout the world and for CMS Oil & Gas as Vice President of Operations responsible for worldwide operations and business development. Redmond joined DTE (formerly Michigan Consolidated Gas Company) in 1999. He served as President of DTE Gas & Oil and DTE Gas Resources prior to assuming the role of President of Atlas Gas & Oil as part of the sale of the Michigan unconventional gas assets in 2007. Redmond returned to DTE in 2009 as Director of Greater Michigan Operations responsible for distribution operations.

Redmond earned a Bachelor of Science degree in Petroleum Engineering from Marietta College and completed numerous masters level business administration courses at the University of Michigan. Redmond serves on the board of directors of the Northwestern Michigan College Foundation and the Conservation Resource Alliance. He is also a past chairman of the Michigan Oil and Gas Association.
