

Paula Silver

Vice President, Corporate Communications
DTE Energy

Paula Silver is vice president of Corporate Communications for DTE Energy. Silver is responsible for the strategic planning and oversight of company communications, including advertising, sponsorships, brand management, digital communications, media relations, internal communications, marketing communications and operational communications for the gas, electric, nuclear and unregulated businesses.

Silver joined DTE Energy in 2015. Prior to DTE, Silver was vice president of Communications and Investor Relations at Federal Mogul Corporation where she led the communications and investor relations function for the \$7 billion global automotive supplier, communicating to 50,000 employees in 34 **countries, messaging to various financial and automotive publications** in mature and emerging markets, and issuing quarterly and year-end **financial** communications to analysts and investors. Silver also previously served as vice president of Communications and Public Relations for Quicken Loans/Rock Ventures where she developed world-class communications and public relations teams to enhance and protect the Quicken Loans/Rock Ventures brand and reputation.

Silver earned a bachelor's degree in Communications from Wayne State University in Detroit. She has several executive communications **certificates** from the University of Michigan.

Silver is a board member of The Detroit Institute of Arts, The Parade Company, Detroit Public Television (DPTV) and the American Heart Association. She also sits on Wayne State University's Board of Volunteers for the College of Fine, Performing and Communications Arts and is a member of the Public Relations Society of America (PRSA) and the International Association of Business Communicators (IABC).

DTE Energy (NYSE: [DTE](#)) is a Detroit-based diversified energy company involved in the development and management of energy-related businesses and services nationwide. Its operating units include an electric company serving 2.2 million customers in Southeast Michigan and a natural gas company serving 1.3 million customers in Michigan. The DTE portfolio includes energy businesses focused on power and industrial projects, renewable natural gas, and energy marketing and trading. As an environmental leader, DTE utility operations will reduce carbon dioxide and methane emissions by more than 80% by 2040 to produce cleaner energy while keeping it safe, reliable and affordable. DTE Electric and Gas aspire to achieve net zero carbon and greenhouse gas emissions by 2050. DTE is committed to serving with its energy through volunteerism, education and employment initiatives, philanthropy and economic progress. Information about DTE is available at dteenergy.com, empoweringmichigan.com, twitter.com/dte_energy and facebook.com/dteenergy.
