

Sharon Pfeuffer

Vice President, Distribution Engineering and Construction
DTE Energy

Sharon Pfeuffer is the Vice President of Distribution Engineering and Construction for DTE Energy. In her role, Pfeuffer is focused on the company's multi-year effort to improve electric system reliability and to modernize the energy grid to prepare for a future with a greater level of distributed energy resources. Pfeuffer is responsible for overseeing the company's engineering, grid modernization and construction activities, and for driving improvements in asset management and work management practices.

Prior to her current role, she was Director of Environmental Engineering for DTE Energy, leading 50 team members in supporting environmental excellence in DTE Energy operating sites.

Pfeuffer earned a Master of Science in Engineering Management from the University of South Florida. She also holds a Bachelor of Science in Chemical Engineering from the University of Michigan.

Pfeuffer currently serves the community as a board vice chair for the Mercy Education Project, and is the vice chair on the UM Tauber board.
